

Srishti is a unique tribute to the children and young adults, some physically and mentally able and some not so able, whose will and determination to win life, reflects the soul of Srishti.

S r i s h t i comprises of "ATHULYA" where the young make wood: free hand made paper products and, "ARANYA," dedicated to making a range of products in glorious natural colours. And then there is DARE.

On the 1st November, 1991

DARE (Developmental Activities in Rehabilitative Education) took wings in the Kannan Devan Hills of Munnar Kerala. It provided hope and opportunity to the lives of the specially abled children and young adults of plantation workers of Tata Tea Limited. The aim of DARE is to rehabilitate them educationally and vocationally to enable them to be worthwhile members of the society. Dare, provides them with training as per their ability, hence helping them to be independent and self motivating.

The motto of DARE is "He who does not DARE to win has already lost". To give a new dimension to their views and future, the centre brings out greeting cards every year based on drawings and paintings done by children. Just the way the sky has no limits, their talents, imaginations and dreams are also boundless. They need an opportunity, a place and media to express that. The vibrant, bright colours and pictures say to us that we are not different from any one else. Give us a chance and we will show that we are not behind.

To give employment and to rehabilitate them, a 100% natural strawberry preserve making unit is maintained by the Centre, where the specially abled children help in all steps of production from collection, cleaning, cooking, filling, sealing, labelling and despatching of the preserve, which is produced to the highest hygienic standard.

DARE aims at providing a new lease of life and happiness to the specially abled young adults of Kannan Devan Hills of Munnar.

With bright colours and strokes of brush they are expressing their positive attitude towards life. In that journey, they need a supportive hand from us. We have to understand that people with any type of disability are equal partners in the progress of the nation.

We are proud to make you part of a great cause. With every bottle of High Range Strawberry Preserve (HRSP) and card that you buy, you too play a significant role in helping them to write a saga of success. The entire proceeds from these sales will go towards the rehabilitation of the specially abled children of tea estate workers.

We feel ours is an unique venture towards the Rehabilitation of the specially abled children. So buy a card and a bottle of HRSP and let their smile shine better. **The greeting cards are of size 5" x 6.25" on 300gsm. Foreign art paper.**
